M. Kumarasamy College of Engineering 2022 – 2026
BACHELOR OF TECHNOLOGY, AIML
Secured CGPA of 8.47 upto VI semester

Sri vinayaga Matric. Hr. Sec. School 2021-2022
XII GRADE
Secured 86.33%

Sri vinayaga Matric. Hr. Sec. School 2019 - 2020
X GRADE
Secured 96.4%

Projects

RECAP-PRO: AI-Driven voice assistant for meetings
Tech Stack: NLP, Python Flask 2025
Role: Developed a real-time meeting assistant using NLP for transcription and summarization. Outcome: Implemented key point extraction, action item detection, and multi-language support for seamless meeting management.

Edusync – Smart ClassroomManagement System
Tech Stack: MERN STACK 2024
Role: Developed and integrated key application functionalities; optimized user experience through responsive design.
Outcome: Successfully implemented 4 major modules, enhancing usability and performance for both teachers and students.

Driver drowsiness detection system
Tech Stack: Python, HTML, CSS, MongoDB 2023
Role: Designed and developed the frontend interface with focus on responsiveness and UI clarity; contributed to feature research.
Outcome: Delivered a fully functional frontend and explored potential enhancements to improve driver safety through user-focused features.

Certificates

- Secured 2nd place in a paper presentation on “IoT Trends”, demonstrating strong research and technical communication skills.
- Completed NPTEL certifications in Cloud Computing and Industrial IoT 4.0.
- Publish Paper Edusync-Smart classroom management system IRJAEH-2024
